Child friendly Safeguarding Information

Bolton Wanderers in the Community and all its staff believe that your welfare, health and safety are very important.

We will respect and protect the rights of all Children (under 18) and Adults (over 18 who need care and support).

You all have a right to protection regardless of your age, gender, race, ethnicity, ability, sexual orientation, political or religious beliefs.

Our Aim

We aim to keep all children safe and provide a safe environment for you and every child on our activities where you will be treated fairly, and be free from harm, discrimination and bullying.

All our staff are trained to keep you safe whilst you are with us and to take action to prevent harm if we think you need protection.

What is Safeguarding?

Safeguarding is about keeping children – including you – **safe**.

It is also about taking action to protect a child if they are being hurt now or we have concerns that they may be hurt in the future.

We may hear or see something, or you may tell us something where we need to take action.

What can you do?

To help us keep you and everyone else safe you are expected to:

Listen and follow instructions

Be kind and support others

Take responsibility for your actions

Ask for help when you need it

Respect other children and adults

Accept differences and value diversity

Tell us what you like or don't like

Do not be rude, bully or discriminate

Misconduct will be dealt with by the Lead Coach/activity leader; sanctions will apply, and you may be stopped from attending.
